7. Smokers will practice RESPONSIBLE SMOKING HABITS, which means that all smokers will use the ash receptacles for both ashes and any remaining cigarette ends (butts), and will maintain a clean, litter free area in these approved areas.

Failure of smokers to follow the above criteria and/or practice RESPONSIBLE SMOKING HABITS should be reported to the TMRR Board of Directors. The Board of Directors shall take appropriate action to ensure the smoking policy violations do not continue.

All smoking at any location on Train Mountain property may be temporarily banned during extreme fire conditions or emergency situations.

Smoking is a privilege that Train Mountain is granting to smokers providing that all smoking and fire criteria are followed. All smoking at any location on Train Mountain property could be permanently banned if smokers in general fail to follow the above criteria. If the smoking privilege is to continue at Train Mountain, smokers should police themselves.

The locations of the designated smoking areas will be available at the Train Mountain Office.
